Half Day: Phuket City Tour

Chalong Temple - Portuguese architecture - Karon View Point - Gemstone and Cashew nut factories

This orientation tour is designed to give visitors to Phuket a nice introduction to the island without forcing them to invest in a full-blown excursion. The trip features a road tour that passes by Phuket most famous beaches; a visit to the acclaimed Chalong Temple; a short outing from out of Phuket Town, famed for its Portuguese architecture. Loved by both Asian as well as foreign visitors, the temple's highlight is a wax sculpture of the abbot housed in an air-conditioned Thai-style house next to the chapel. We also provide you with the chance to see one of the most famous lookout point on the island – Karon View Point. Additionally, guests who like to shop will not be disappointed as stops at local gemstone and cashew nut factories are also on the agenda. Phuket remains an outstanding holiday destination, not only due to its large variety of beaches, yet also due to its cultural importance to the southern part of Thailand.
