

DUBAI TOURS

Dubai is located on the Eastern coast of the Arabian Peninsula, in the south west corner of the Arabian Gulf. It is extremely well known for its warm hospitality and rich cultural heritage, and the Emirati people are welcoming and generous in their approach to visitors. With year-round sunshine, intriguing deserts, beautiful beaches, luxurious hotels and shopping malls, fascinating heritage attractions and a thriving business community, Dubai receives millions of leisure and business visitors each year from around the world.

The local currency is the dirham, which is pegged at AED 3.67 to 1 US dollar. Dubai is tolerant and cosmopolitan and all visitors are welcome. However, Islam is a way of life in the city, and therefore tourists should adopt a certain level of cultural and religious sensitivity for the duration of their stay.

Dubai has a warm, sunny climate that is ideal for tourism, with mild temperatures for most of the year and a low rainfall. Summer temperatures in July and August can reach highs of around 45°C (113°F) with high humidity, making this the least comfortable time of year to visit in terms of climate. However, Dubai is well geared up for high temperatures, and public transport, shopping malls, hotels, restaurants and visitor attractions are all air conditioned.

English is widely spoken in Dubai, and as all restaurant menus, road signs and other information is usually presented in both English and Arabic, visitors who speak English will have no trouble making their way around. Many tour operators and travel professionals will also be able to offer services to French, Russian and German speaking visitors.
